

How to change Date & Time

From any telephone that has an LCD screen do the following:

1. Press **TRNF 200**
2. It will ask for a password that is **1234**
3. Then enter **1** to enable programming
4. Then press **TRNF**
5. Press **TRNF** again followed by **505**
6. Enter new **DATA** (**W**=Day of the week, **MM**= Month, **DD**=Day of the month, **YY**=Year. And **HH**, **MM**= Hour and Minutes.) Time should be in Military time.
7. When you're done press TRFN to save the changes.
